About CLEANFIRM

Cleanfirm Co., Ltd. is a leading distributor of industrial cleaning chemicals, catering to the needs of hotels, restaurants, & various service industries. We are committed to providing high quality, efficient products that simplify cleaning processes on every level. A joint venture between a renowned chemical manufacturer & a business group focused in textiles and hospitality, our products are made in Thailand, ensuring both superior quality & affordability.

CLEANFIRM

Our Products are Distinguished by

Ready Stock

Our chemicals are manufactured & kept in stock at all times, enabling rapid delivery & replenishment.

Focus on Service

We believe in a service-first approach, prioritizing full support to ensure your cleaning process is always efficient.

Strict QC

At Cleanfirm, we take chemical safety very seriously, both in the aspect of performance & chemical composition used.

Turnkey Provider

Not only do we supply cleaning products but we also provide dispenser & machinery solutions in order to simplify your workflow.

Factory Information

Our factory was established in 1991 (B.E. 2534). Our factory manufactures a wide range of chemical products, including:

- Textile chemicals
- Agricultural chemicals
- Polymers
- Household cleaning and disinfectant products
- Automotive care products
- And many other chemicals

The management and staff are committed to developing and providing services to meet customer needs with honesty and sincerity.

EVERBRITE

Everbrite is a brand committed to producing and distributing premium cleaning products to cater to the diverse cleaning needs of our customers, spanning the hospitality, restaurants, and various other industries.

Cleaning & Disinfectant Products

Cleaning & Disinfectant Products

Everbrite Strong Sanitizer

A powerful disinfectant suitable for use in restaurants, kitchens, canteens, and gyms. It effectively kills bacteria, viruses, and fungi on a variety of surfaces, including food contact areas. Safe and non-corrosive.

Active Ingredients

Didecyl dimethyl ammonium chloride (DDAC):4.56%
A quaternary ammonium compound, DDAC is a powerful disinfectant effective against bacteria, fungi, and viruses.

Alcohol Ethoxylated Propoxylated (AEO):3%
A surfactant, AEO helps to emulsify oils and dirt, making them easier to remove.

Everbrite Strong Sanitizer

Directions for Use:

Lightly soiled surfaces	Mix 5 ml of Strong Sanitize with 1 liter of warm water. Apply to the soiled area and let it sit for 1 minute. Rinse thoroughly with clean water.
Heavily soiled surfaces	Mix 5-10ml of Strong Sanitize with 1 liter of warm water. Apply to the soiled area and let it sit for 10 minutes. Rinse thoroughly with clean water.
For disinfection	Mix 12-15 ml of Strong Sanitize with 1 liter of warm water. Apply to the soiled area and let it sit for 10 minutes. Rinse thoroughly with clean water.

Cleaning & Disinfectant Products

Everbrite Super Strong Sanitizer

Disinfects all surfaces, eliminating bacteria, viruses, and fungi. Rapidly kills germs to prevent the spread of infectious diseases. Leaves no residue and does not damage surfaces. Ideal for hotels, restaurants, and various industries seeking to maintain clean surfaces

Active Ingredients

Didecyl dimethyl ammonium chloride (DDAC):4.56% is a quaternary ammonium compound (quat) that is widely used as a disinfectant. It's particularly effective against a broad spectrum of microorganisms, including bacteria, fungi, and certain viruses.

Alkyl dimethyl benzyl ammonium chloride (ADBAC):3% enhances a cleaning product's ability to dissolve dirt and grease, ensuring thorough cleaning.

Everbrite Super Strong Sanitizer

Directions for Use:

1.Clean the surface before disinfecting.
2.Dilute Superstrong sanitizer into a container at a ratio of 10-25 ml per 1 liter of water.
3.Apply the solution by pouring, soaking, or wiping the surface with a clean cloth.
4.Let it stand for 10 minutes
5.Rinse with clean water or wipe off with a clean cloth.

Cleaning & Disinfectant Products

Everbrite Surface Sanitizer

Our concentrated multi-purpose disinfectant is formulated to effectively kill germs on a variety of surfaces, including those found in food preparation areas. It's perfect for cleaning and sanitizing stainless steel, countertops, cabinets, doorknobs, and more.

Active Ingredients

Alcohol Ethoxylated Propoxylated:8% functions as a surfactant, enabling the product to effectively emulsify oils and grease, thereby improving its cleaning performance.

Didecyl dimethyl ammonium chloride (DDAC):2% is a disinfectant that works by disrupting the cell membranes of bacteria, viruses, and fungi, leading to their death.

Alkyl dimethyl benzyl ammonium chloride, or benzalkonium chloride:1.6% is a disinfectant that works by disrupting the cell membranes of bacteria, viruses, and fungi, leading to their death.

Everbrite Super Strong Sanitizer

Directions for Use:

1.Clean the surface thoroughly prior to disinfection.
2.Dilute 15-20 milliliters of Surface Sanitizer in 1 liter of water.
3.Apply the solution to the surface by pouring, soaking, or wiping with a clean cloth.
4.Allow the solution to dwell for 10 minutes before wiping away with a clean cloth or rinsing with water.

Cleaning & Disinfectant Products

Everbrite Multisurface Disinfectant

Everbrite Multi surface Disinfectant is a multipurpose surface disinfectant that can be used on both food contact and non-food contact surfaces. It is ideal for use in areas with frequent food contact such as restaurants, kitchens, canteens, and fitness centers.

Active Ingredients

Alcohol Ethoxylated Propoxylated:9% is a nonionic surfactant with excellent solubility in both oil and water. This property makes it effective in removing a wide range of soils, from grease to dirt. Additionally, it increases the viscosity of cleaning solutions and improves their dispersion, enhancing cleaning performance.

Dipropylene triamine:1% is an organic compound containing nitrogen that exhibits weakly basic properties. It is commonly used as a pH adjuster in various products, making the product slightly alkaline. This alkalinity enhances the product's cleaning and disinfecting efficacy.

Fragrance:
A pleasant fragrance that leaves surfaces smelling fresh.

Everbrite Multisurface Disinfectant

Directions for Use:

1.Pre-cleaning: For heavily soiled surfaces, clean the surface before disinfecting.
2.Dilution: Add 50 ml of Multi surface Disinfectant to 1 liter of water. Dip, soak, or use a clean cloth to apply the solution to the surface.
3.Contact Time: Allow the solution to remain on the surface for 5-10 minutes.
4.Rinsing: Wipe the surface with a clean cloth or rinse with water.

Cleaning Products

Cleaning Products

Everbrite Floor Purify

Everbrite Floor Purify effortlessly removes tough stains, leaving floors looking brand new. It is non-slip and non-sticky, making it easy to maintain sparkling clean floors.

Active Ingredients

Ethoxylated Alcohol:8%
A surfactant designed to emulsify oils and dirt, facilitating effective cleaning.

Alcohol Ethoxylated Propoxylate:2%
A co-surfactant that enhances cleaning efficacy and contributes to the product's viscosity and texture.

Fragrance:
A perfuming agent added to impart a pleasant aroma.

Everbrite Floor Purify

Directions for Use:

Dilute 10-20 milliliters of Floor Purify in 1 liter of water. The specific dilution ratio may be adjusted according to the severity of soiling.

Apply the diluted solution directly to the surface or use a mop or cloth to distribute it evenly. Ensure the mop or cloth is damp but not dripping.

Scrub the surface vigorously to remove dirt and grime.

Thoroughly rinse the surface with clean water.

Cleaning Products

Everbrite Surface Sweep

Everbrite Surface Sweep is a concentrated multi-purpose cleaner that effortlessly removes all types of dirt and grime from various surfaces. It leaves glass sparkling clean and dries quickly. Designed for industrial use, this product must be diluted with water.

Active Ingredients

Ethoxylated Alcohol:8%
A powerful surfactant that effectively breaks down grease and grime.

Alkyl Polyglycoside:2%
A plant-based surfactant that is gentle on skin and the environment, providing effective cleaning and foaming.

Alcohol Ethoxylated Propoxylate:2%
Another surfactant that enhances the product's ability to dissolve oils and dirt.

Fragrance:
A pleasant fragrance that leaves surfaces smelling fresh.

Everbrite Concentrate Cleaner

Directions for Use:

For Light Soiling Mix 30 ml of Surface Sweep with 1 liter of water.
For Heavy Soiling Mix 60 ml of Surface Sweep with 1 liter of water.
Pour the diluted solution into a spray bottle or bucket.
1.Spray or pour the solution onto the surface to be cleaned.
2.Allow the solution to dwell for a few moments, then wipe clean with a cloth or mop.

Bathroom Cleaning & Descaling Products

Bathroom Cleaning & Descaling Products

Everbrite Descaler

For removes stubborn scale and limescale. Perfect for cleaning dishwashers, pots, pans, bathrooms, and toilets. Safe for all surfaces and leaves them sparkling clean.

Active Ingredients

Phosphoric Acid (30%):
A mild acid that effectively removes scale, grime, and rust. It also helps to adjust pH levels.

Ethoxylated Alcohol (2.5%):
A surfactant that enhances the cleaning power of the product by improving the dispersion of substances in water and oil. This ingredient also helps to ensure thorough cleaning.

Everbrite Descaler

Directions for Use:

Always wear rubber gloves when handling this product. Never pour water into the Descaler product.

For cleaning scale in dishwashers:

1.Fill the dishwasher with water 2-3 inches below the overflow.

2.Turn on the heating element.
Add 2-3 liters of Everbrite Descaler to the water and run the dishwasher until all scale is removed.

3.Drain the water, refill with clean water, and run the dishwasher again.

4.Drain the water.

For removing scale in bathrooms and toilets:

1.Mix 30 ml of Everbrite Descaler with 3 liters of hot water.

2.Dip a cloth or brush into the solution and scrub the affected areas.

3.Leave for 5 minutes, then rinse with water and wipe dry.

Bathroom Cleaning & Descaling Products

Everbrite Wash Purify

For removes stubborn scale and limescale. Perfect for cleaning dishwashers, pots, pans, bathrooms, and toilets. Safe for all surfaces and leaves them sparkling clean.

Active Ingredients

Organic Acids:30%
Naturally derived acids such as citric acid and malic acid, known for their effective removal of mineral deposits, rust, and certain bacteria.

Ethoxylated Alcohol:15%
A surfactant that aids in cleaning by effectively breaking down oils and dirt.

Alkyl Polyglycoside:3%
A biodegradable surfactant that enhances cleaning performance and is gentle on the environment.

Fragrance:
A pleasant fragrance added for a refreshing scent.

Everbrite Descaler

Directions for Use:

Dilution	Mix the product with water according to the following ratio: **For light stains:** 30ml of Wash Purify per 1 liter of water. **For heavy stains:** 60ml of Wash Purify per 1 liter of water.
Application	Spray or pour the diluted solution onto the soiled surface.
Dwell Time	Allow the solution to dwell for a few minutes to effectively loosen dirt and grime.
Cleaning	Scrub the surface with a cloth or sponge.
Rinsing	Rinse the surface thoroughly with clean water.
Drying	Dry the surface with a clean cloth.

Kitchen & Dishwashing Products

Kitchen & Dishwashing Products

Everbrite Grease Away

Everbrite Grease Away removes grease, oil, and burnt-on residue from stoves, ovens, and air fryers. Do not use on aluminum or coated surfaces.

Active Ingredients

Sodium Hydroxide:14%
A strong alkaline substance with excellent degreasing and cleaning properties.

Alkyl Polyglycoside:6.3%
A surfactant that enhances cleaning performance by effectively breaking down oils and greases

Everbrite Hand Wash

Directions for Use:

Do not use on aluminum or painted surfaces.
Always wear rubber gloves when handling this product.
For optimal results, apply to surfaces that are at least 50°C

Dilution	For general cleaning, mix 100-500 ml of Everbrite Grease Away with 1 liter of water. For heavy-duty cleaning, use the product undiluted.
Application	Spray or apply the solution to the soiled surface and allow it to dwell for 1-5 minutes.
Cleaning	Scrub the surface with a damp cloth to remove dirt and grime.
Rinsing	Rinse the surface thoroughly with clean water.

Kitchen & Dishwashing Products

Everbrite Dish Clean

Everbrite Dish Clean is a dishwashing liquid that thoroughly removes food stains, grease, and odors. With its special formula, your dishes will be sparkling clean without any residue, safe for the whole family.

Active Ingredients

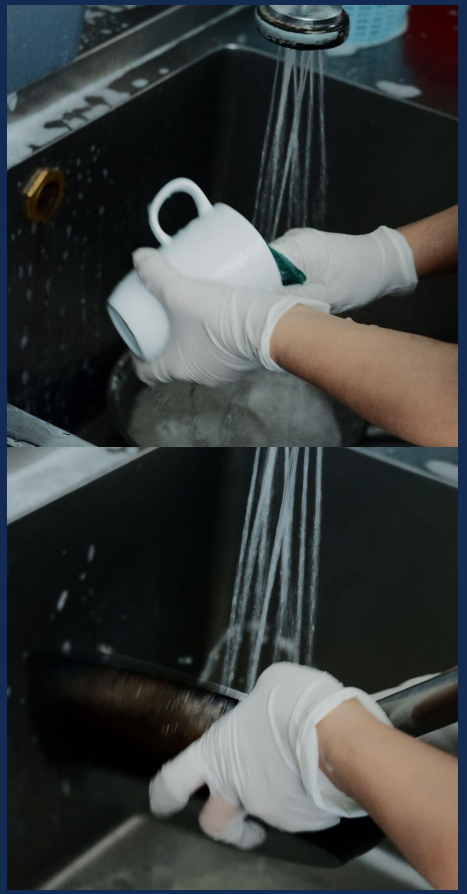

Sodium Alkane Sulfonate:10%
A surfactant that helps to break down grease and dirt, making cleaning easier.

Sodium Lauryl Ether Sulfate:10%
Another surfactant that provides excellent cleaning and foaming properties

Everbrite Hand Wash

Directions for Use:

Application	1.Apply Everbrite Dish Clean to a wet sponge.
	2.Wash dishes as usual.
	3.Rinse thoroughly with clean water.

Kitchen & Dishwashing Products

Everbrite Auto Dish Clean

Everbrite Auto Dish Clean is a specially formulated, highly concentrated dishwashing detergent for automatic dishwashers. It effectively removes grease, food stains, and various types of dirt, leaving your dishes sparkling clean.

Active Ingredients

Sodium hydroxide:15% commonly known as caustic soda, is a strong base with excellent properties for dissolving fats and proteins.

Alkyl polyglycoside:6.3% is a surfactant derived from sugars and vegetable fats. It is environmentally friendly and gentle on the skin.

Everbrite Auto Dish Clean

Directions for Use:

Add 1.5-3.0 ml of Auto Dish Clean to 1 liter of water.
Spray the solution into the dishwasher during the washing cycle and allow the machine to run as normal.

Kitchen & Dishwashing Products

Everbrite Rinse Aid

rinse aid formula helps dishes dry faster, without leaving streaks or the need to hand dry. It reduces contamination from dishcloths and is compatible with all types of dishwashers. Get sparkling clean dishes with ease!

Active Ingredients

Organic Acid:8%Acts as a surfactant, breaking down dirt and grime and allowing it to be easily rinsed away. It also possesses antimicrobial properties, helping to eliminate certain types of bacteria.

Isopropanol 8%A type of alcohol known for its rapid evaporation rate and effective antimicrobial properties. It's also a good solvent for various substances.

Alcohol Ethoxylate (C12-16 Alcohol ethoxylated) :5%A surfactant that improves the blendability of ingredients, creating foam, and enhancing cleaning performance.

Everbrite Auto Dish Clean

Directions for Use:

For use with company-approved dispensers only. Do not operate dispenser when solution is low. For more detailed instructions, consult a company specialist.

Air & Odor Purify Products

Air & Odor Purify Products

Everbrite Fresh Freeze

Eliminates unpleasant odors, leaving your space smelling fresh and clean. Safe for use on fabrics, sofas, carpets, and other surfaces.

Active Ingredients

Alcohol Ethoxylated Propoxylated (AEO):18%
A powerful cleaning agent that effectively breaks down dirt and grime.

Fragrance:
A refreshing scent to neutralize unpleasant odors.

Everbrite Fresh Freeze

Directions for Use:

For Mild Odors	Mix 30ml of Everbrite Fresh Freeze with 1 liter of water.
For Strong Odors:	Mix 60-90 ml of Everbrite Fresh Freeze with 1 liter of water. Pour the diluted solution into a spray bottle. Mist the solution into the air, focusing on corners and air vents.

Air & Odor Purify Products

Everbrite Scent Block

Eliminates unpleasant odors, leaving your space smelling fresh and clean. Safe for use on fabrics, sofas, carpets, and other surfaces.

Active Ingredients

Alcohol Ethoxylated Propoxylated (AEO):18%
A powerful cleaning agent that effectively breaks down dirt and grime.

Fragrance:
A refreshing scent to neutralize unpleasant odors.

Everbrite Scent Block

Directions for Use:

For Mild Odors	Mix 30ml of Everbrite Fresh Freeze with 1 liter of water.
For Strong Odors:	Mix 60-90 ml of Everbrite Fresh Freeze with 1 liter of water. Pour the diluted solution into a spray bottle. Mist the solution into the air, focusing on corners and air vents.

Toiletries Products

Toiletries Products

Everbrite Body Wash

A gentle body wash that deeply cleanses and nourishes the skin, leaving it with a healthy glow and a refreshing natural fragrance

Active Ingredients

1.Aqua
2.Sodium Laureth Sulphate
3.Cocamide DEA
4.Glycerine
5.Dipropylene triamine
6.Didecyl dimethyl-ammonium chloride
7.Vitamin E
8.Citric acid
9.Fragrance

Everbrite Body Wash

Directions for Use:

1.Dispense the body wash into the soap dispenser.
2.Pump a small amount of body wash onto your palm and apply to your body.
3.Rinse thoroughly with clean water.

Toiletries Products

Everbrite Shampoo

Everbrite Shampoo gently cleanses your hair and scalp while nourishing and strengthening your hair. Its mild formula, free from harsh chemicals, leaves your hair clean, soft, healthy, and shiny. Suitable for all hair types.

Active Ingredients

1.Aqua
2.Sodium Laureth Sulphate
3.Cocamide DEA
4.Glycerine
5.Dipropylene triamine
6.Didecyl dimethyl-ammonium chloride
7.Vitamin B5
8.Citric acid
9.Fragrance

Everbrite Body Wash

Directions for Use:

1.Pre-cleaning: For heavily soiled surfaces, clean the surface before disinfecting.
2.Dilution: Add 50 ml of Multi surface Disinfectant to 1 liter of water. Dip, soak, or use a clean cloth to apply the solution to the surface.

4.backs of your hands, between your fingers, and under your nails.
5.Scrub your hands for at least 20 seconds.
6.Rinse your hands well under clean, running water.

Machinery Information

About Our Dispensers

Our cleaning solution dispensers are designed to make using our products easier & more economical, combining precision parts with intuitive machinery, allowing consistent chemical mixtures which maximize utility & cost-effectiveness while streamlining workflow & minimizing on the job errors.

Advantages of Our Dispensers

Reduced Wastage

Our dispensing system regulates the amount of product used, minimizing waste & saving costs from day one.

Energy Efficient

The dispensing system operates using a vacuum pump, eliminating electricity costs while ensuring ease of maintenance.

Convenience

Eliminates the need for manual mixing, saving time & effort that can be utilized in other valuable work.

Accurate Dilution

It allows for precise adjustment of dilution ratios, ensuring each cleaning solution always contains appropriate concentration levels.

Intuitive Design

Keeping in mind ease of use to avoid errors, our machines are designed to be as easy to operate as possible.

Warranty and Maintenance

Warranty

Our cleaning solution dispensers come with a warranty from the date of agreement. This warranty covers defects in materials and workmanship.

Free Maintenance

We offer free maintenance for our dispensers which includes periodical check-ups to ensure that your dispenser is operating at optimal performance.

Terms and Conditions (Simplified)

- **Dispenser Availability:** Our cleaning solution dispensers are provided with purchases of our cleaning products that require dilution before use, unless otherwise stated.

- **Warranty & Maintenance:** The warranty & maintenance terms and conditions may be subjected to change. Please contact us for the most updated information.
