Everbrite Shampoo	Shampoo and conditioner.
Everbrite Hand Wash	Hand washing gel.

Cleaning & Disinfectant Products

Everbrite Strong Sanitizer

A powerful disinfectant suitable for use in restaurants, kitchens, canteens, and gyms, it effectively kills bacteria, viruses, and fungi on various surfaces. This chemical can be used on areas that have to come in contact with food. It is safe and non-corrosive.

Active Ingredients

Didecyl Dimethyl Ammonium Chloride (DDAC): 4.56%
A quaternary ammonium compound, DDAC is a powerful disinfectant effective against bacteria, fungi, and viruses.

Alcohol Ethoxylated Propoxylated (AEO): 3%
A surfactant, AEO helps to emulsify oils and dirt, making them easier to remove.

Product Specifications

Ingredients	Didecyl Dimethyl Ammonium Chloride (DDAC): 4.56%, Alcohol Ethoxylated Propoxylated (AEO): 3%
Amount	5,000 milliliters
Usage	Effectively eliminates bacteria, viruses, and fungi on all surfaces, ideal for restaurants, kitchens, canteens, and gyms.
Compatibility	This cleaner can be used on all surfaces
Cautions	Harmful if swallowed. Causes severe skin burns and eye damage. Highly toxic to aquatic life.

Directions for Use

CLEANFIRM

Everbrite Product information

Web: www.cleanfirm.co.th | E-mail: info@cleanfirm.co.th | Tel: 02-115-2475

Lightly Soiled Surfaces	Mix 5 ml of Strong Sanitizer with 1 liter of warm water. Apply to the soiled area and let it sit for 1 minute. Rinse thoroughly with clean water.
Heavily Soiled Surfaces	Mix 5-10 ml of Strong Sanitizer with 1 liter of warm water. Apply to the soiled area and let it sit for 10 minutes. Rinse thoroughly with clean water.
For Disinfection	Mix 12-15 ml of Strong Sanitize with 1 liter of warm water. Apply to the soiled area and let it sit for 10 minutes. Rinse thoroughly with clean water.

Everbrite Super Strong Sanitizer

Disinfects all surfaces, eliminating bacteria, viruses, and fungi. Rapidly kills germs to prevent the spread of infectious diseases. Leaves no residue and does not damage surfaces. Ideal for hotels, restaurants, and various industries seeking to maintain clean surfaces.

CLEANFIRM **Everbrite Product information**

Web: www.cleanfirm.co.th | E-mail: info@cleanfirm.co.th | Tel: 02-115-2475

Active Ingredients

Didecyl Dimethyl Ammonium Chloride (DDAC): 4.56%

A quaternary ammonium compound (quat) that is widely used as a disinfectant, it is particularly effective against a broad spectrum of microorganisms, including bacteria, fungi, and certain viruses.

Alkyl Dimethyl Benzyl Ammonium Chloride (ADBAC): 3%

Enhances a cleaning product's ability to dissolve dirt and grease, ensuring thorough cleaning.

Product Specifications

Ingredients	Didecyl Dimethyl Ammonium Chloride (DDAC): 4.56%, Alkyl Dimethyl Benzyl Ammonium Chloride (ADBAC): 3%
Amount	5,000 milliliters
Usage	Multipurpose surface disinfectant
Compatibility	This cleaner can be used on all surfaces.
Cautions	Harmful if swallowed. Causes severe skin burns and eye damage. Highly toxic to aquatic life. Toxic to aquatic life with long-lasting effects.

Directions for Use

1. **Clean the surface** before disinfecting.
2. **Dilute** Superstrong sanitizer into a container at a ratio of 10-25 ml per 1 liter of water.
3. **Apply** the solution by pouring, soaking, or wiping the surface with a clean cloth.
4. **Let it stand** for 10 minutes.
5. **Rinse** with clean water or wipe off with a clean cloth.

Everbrite Surface Sanitizer

Our concentrated multi-purpose disinfectant is formulated to effectively kill germs on a variety of surfaces, including those found in food preparation areas. It is optimal for use in cleaning and sanitizing stainless steel, countertops, cabinets, doorknobs, and other surfaces.

Active Ingredients

Alcohol Ethoxylated Propoxylated: 8%
Functionioning as a surfactant, this enables the product to effectively emulsify oils and grease, thereby improving cleaning performance.

Didecyl Dimethyl Ammonium Chloride (DDAC): 2%
A disinfectant that works by disrupting the cell membranes of bacteria, viruses, and fungi, leading to their death.

Alkyl Simethyl Benzyl Ammonium Chloride, or Benzalkonium Chloride: 1.6%
A disinfectant that works by disrupting the cell membranes of bacteria, viruses, and fungi, leading to their death.

Product Specifications

Ingredients	Alcohol Ethoxylated Propoxylated: 8%, Didecyl Dimethyl Ammonium Chloride (DDAC): 2%, Alkyl Dimethyl Benzyl Ammonium Chloride, or Benzalkonium Chloride: 1.6%
Amount	5,000 milliliters
Usage	Multipurpose surface disinfectant
Compatibility	This cleaner can be used on all surfaces.
Cautions	Harmful if swallowed or in contact with skin. Causes severe skin burns and eye damage. May cause an allergic skin reaction. Toxic to aquatic life.

Directions for Use

1. **Clean the surface** thoroughly prior to disinfection.
2. **Dilute** 15-20 milliliters of Surface Sanitizer in 1 liter of water.
3. **Apply** the solution by pouring, soaking, or wiping the surface with a clean cloth.
4. **Allow** the solution to dwell for 10 minutes before wiping away with a clean cloth or rinsing with water.

Everbrite Multisurface Disinfectant

Everbrite Multisurface Disinfectant is a multipurpose surface disinfectant that can be used on both food contact and non-food contact surfaces. It is ideal for use in areas with frequent food contact such as restaurants, kitchens & canteens. It can also be used to clean other areas such as fitness centers.

Active Ingredients

Alcohol Ethoxylated Propoxylated: 9%
A nonionic surfactant with excellent solubility in both oil and water, this property makes it effective in removing a wide range of oils, from grease to dirt. Additionally, it increases the viscosity of cleaning solutions & improves dispersion, enhancing cleaning performance.

Dipropylene Triamine: 1%
An organic compound containing nitrogen that exhibits weakly basic properties. It is commonly used as a pH adjuster in various solutions, making the product slightly alkaline. This alkalinity enhances cleaning & disinfecting efficacy.

Fragrance:
A pleasant fragrance that leaves surfaces smelling fresh is added.

Product Specifications

Ingredients	Alcohol Ethoxylated Propoxylated: 9%, Dipropylene Triamine: 1%, Fragrance
Amount	5,000 milliliters
Usage	Multipurpose surface disinfectant
Compatibility	This cleaner can be used on all surfaces.
Cautions	Harmful if swallowed. Causes severe skin burns and eye damage. Highly toxic to aquatic life. Toxic to aquatic life with long-lasting effects.

Directions for Use

1. **Pre-clean** the surface before disinfecting if they are heavily soiled.
2. **Dilute** 50 ml of Multisurface Disinfectant in 1 liter of water.
3. **Apply** the solution by dipping, soaking, or wiping the surface with a clean cloth.
4. **Allow** the solution to remain on the surface for 5-10 minutes.
5. **Rinse** the surface with water or wipe the surface with a clean cloth.

Cleaning Products

Everbrite Floor Purify

Everbrite Floor Purify effortlessly removes tough stains, leaving floors looking brand new. It is non-slip but also not sticky, making it easy & optimal for maintaining sparkling clean floors.

Active Ingredients

Ethoxylated Alcohol: 8%
A surfactant designed to emulsify oils and dirt, facilitating effective cleaning.

Alcohol Ethoxylated Propoxylate: 2%
A co-surfactant that enhances cleaning efficacy and contributes to the product's viscosity and texture.

Fragrance
A perfuming agent is added to impart a pleasant aroma.

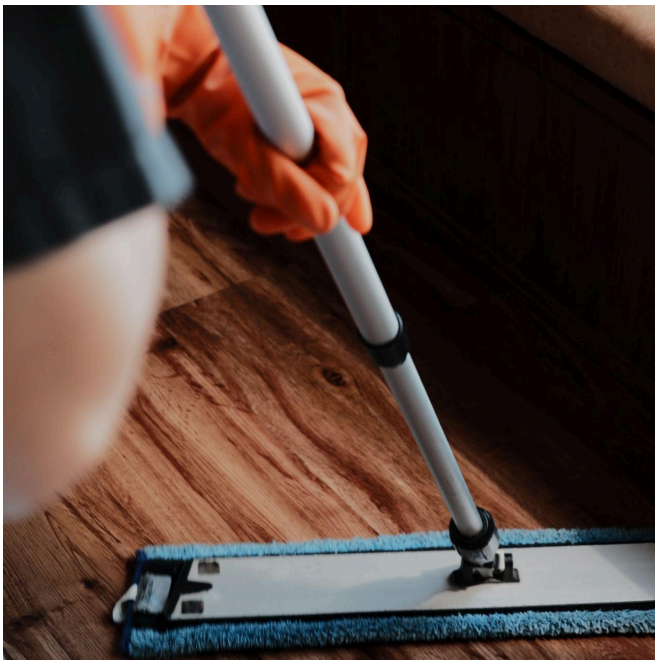

Product Specifications

Ingredients	Ethoxylated Alcohol: 8%, Alcohol Ethoxylated Propoxylate: 2%, Fragrance
Amount	5,000 milliliters
Usage	Removes dirt & grime, leaving a protective shine. Safe for all floor types and won't leave behind any residue.
Compatibility	This cleaner can be used on all surfaces.
Cautions	Causes severe eye irritation. Harmful to aquatic life.

Directions for Use

1. Dilute 10-20 ml of Floor Purify in 1 liter of water. The specific dilution ratio may be adjusted according to the severity of soiling.
2. Apply the diluted solution directly to the surface or use a mop or cloth to distribute it evenly. Ensure the mop or cloth is damp but not dripping.
3. Scrub the surface vigorously to remove dirt and grime.
4. Rinsing: Thoroughly rinse the surface with clean water.

Everbrite Surface Sweep

Everbrite Surface Sweep is a concentrated multi-purpose cleaner that effortlessly removes all types of dirt and grime from various surfaces. It leaves glass surfaces sparkling clean and dries quickly. Designed for industrial use, this product must be diluted with water.

Active Ingredients

Ethoxylated Alcohol: 8%
A powerful surfactant that effectively breaks down grease and grime.

Alkyl Polyglycoside: 2%
A plant-based surfactant that is gentle on skin and the environment, providing effective cleaning and foaming.

Alcohol Ethoxylated Propoxylate: 2%
A surfactant that enhances the product's ability to dissolve oils and dirt.

Fragrance:
A pleasant fragrance that leaves surfaces smelling fresh.

Product Specifications

Ingredients	Ethoxylated Alcohol: 8%, Alkyl Polyglycoside: 2%, Alcohol Ethoxylated Propoxylate: 2%, Fragrance
Amount	5,000 milliliters
Usage	Removes grease and cleans surfaces.
Compatibility	This cleaner can be used on all surfaces.
Cautions	May cause mild eye irritation.

Directions for Use

1. Mix the product with water according to the following ratio & pour the diluted solution into a spray bottle or bucket:
For Light Soiling: Mix 30ml of Surface Sweep with 1 liter of water.
For Heavy Soiling: Mix 60ml of Surface Sweep with 1 liter of water.
2. Spray or pour the solution onto the surface to be cleaned.
3. Allow the solution to dwell for a few moments, then wipe clean with a dry cloth or mop for a streak-free shine. If the cloth is to be reused, add more Surface Sweep to it.

Bathroom Cleaning & Descaling Products

Everbrite Descaler

For removing stubborn scales and limescale. Perfect for cleaning dishwashers, pots, pans, bathrooms, and toilets. Safe for all surfaces, leaving them sparkling clean.

Active Ingredients

Phosphoric Acid: 30%
A mild acid that effectively removes scale, grime & rust. It also helps to adjust pH levels.

Ethoxylated Alcohol :2.5%
A surfactant that enhances the cleaning power of the product by improving the dispersion of substances in water and oil. This ingredient also helps to ensure thorough cleaning.

Product Specifications

Ingredients	Phosphoric Acid: 30%, Ethoxylated Alcohol: 2.5%
Amount	5,000 milliliters
Usage	Powerful limescale remover for dishwashers, cookware & bathrooms.
Compatibility	This cleaner can be used on all surfaces.
Cautions	Highly corrosive to metals. Causes severe skin burns and eye damage.

CLEANFIRM **Everbrite Product information**

Web: www.cleanfirm.co.th | E-mail: info@cleanfirm.co.th | Tel: 02-115-2475

Directions for Use

Important! Always wear rubber gloves when handling this product. Never pour water into Descaler.

For cleaning scales in dishwashers:

1. Fill the dishwasher with water 2-3 inches below the overflow.

2. Turn on the heating element & add 2-3 liters of Everbrite Descaler to the water then run the dishwasher until all scales are removed.

3. Drain the water, refill with clean water, and run the dishwasher again.

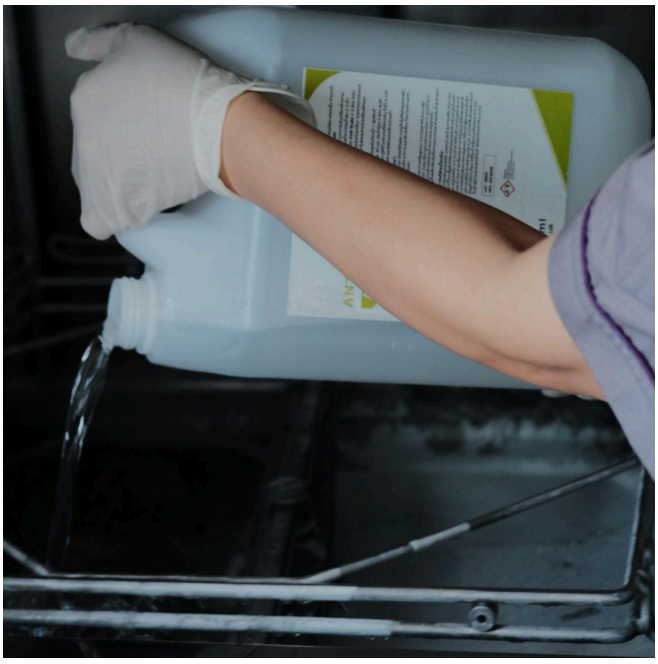

4. Drain the water one more time.

For removing scales in bathrooms:

1. Mix 30 ml of Everbrite Descaler with 3 liters of hot water.

2. Dip a cloth or brush into the solution and scrub the affected areas.

3. Leave for 5 minutes, then rinse with water and wipe dry.

Everbrite Wash Purify

A concentrated cleaner that tackles tough stains on tiles, glazed tiles, and fiberglass. It is safe for most surfaces, leaving your bathroom sparkling clean.

Active Ingredients

Organic Acids: 30%
Naturally derived acids such as citric acid and malic acid, known for their effective removal of mineral deposits, rust, and certain bacteria.

Ethoxylated Alcohol: 15%
A surfactant that aids in cleaning by effectively breaking down oils and dirt.

Alkyl Polyglycoside: 3%
A biodegradable surfactant that enhances cleaning performance and is gentle on the environment.

Fragrance:
A pleasant fragrance added for a refreshing scent.

Product Specifications

Ingredients	Organic Acids: 30%, Ethoxylated Alcohol :15%, Alkyl Polyglycoside: 3%, Fragrance
Amount	5,000 milliliters
Usage	Removes dirt, soap scum, and water scales from all bathroom surfaces, including tiles, glazed tiles, and fiberglass.
Compatibility	Suitable for all types of surfaces and works well on tiles, coated tiles, and fiberglass.
Cautions	May cause mild eye irritation.

Directions for Use

1. Mix the product with water according to the following ratio:
For light stains: 30ml of Wash Purify per 1 liter of water.
For heavy stains: 60ml of Wash Purify per 1 liter of water.
2. Spray or pour the diluted solution onto the soiled surface.
3. Allow the solution to dwell for a few minutes to effectively loosen dirt and grime.
4. Scrub the surface with a cloth or sponge.
5. Rinse the surface thoroughly with clean water.
6. Dry the surface with a clean cloth.

Kitchen & Dishwashing Products

Everbrite Grease Away

Everbrite Grease Away removes grease, oil, and burnt-on residue from stoves, ovens, and air fryers. Do not use on aluminum or coated surfaces.

Active Ingredients

Sodium Hydroxide :14%
A strong alkaline substance with excellent degreasing and cleaning properties.

Alkyl Polyglycoside: 6.3%
A surfactant that enhances cleaning performance by effectively breaking down oils and greases.

Product Specifications

Ingredients	Sodium Hydroxide: 14%, Alkyl Polyglycoside: 6.3%
Amount	5,000 milliliters
Usage	Removes grease, oil, and burnt-on residue from stoves, ovens, and air fryers.
Compatibility	Safe for most surfaces (except aluminum and coated surfaces).
Cautions	Highly corrosive. Causes severe skin burns and eye damage. Harmful to aquatic life.

Directions for Use

Important!
Do not use on aluminum or painted surfaces.
Always wear rubber gloves when handling this product.
For optimal results, apply to surfaces that are at least 50°C

1. Dilution:
For general cleaning, mix 100-500 ml of Everbrite Grease Away with 1 liter of water.
For heavy duty cleaning, use the product undiluted.
2. Spray or apply the solution to the soiled surface and allow it to dwell for 1-5 minutes.
3. Scrub the surface with a damp cloth to remove dirt and grime.
4. Rinse the surface thoroughly with clean water.

Everbrite Auto Dish Clean

Everbrite Auto Dish Clean is a specially formulated, highly concentrated dishwashing detergent for automatic dishwashers. It effectively removes grease, food stains, and various types of residue, leaving your dishes sparkling clean.

Active Ingredients

Sodium Hydroxide: 15%
commonly known as caustic soda, is a strong base with excellent properties for dissolving fats and proteins.

Alkyl Polyglycoside: 6.3%
A surfactant derived from sugars and vegetable fats, is environmentally friendly and gentle on the skin.

Product Specifications

Ingredients	Sodium Hydroxide: 15%, Alkyl Polyglycoside: 6.3%.
Amount	5,000 milliliters
Usage	For cleaning dishes
Compatibility	Suitable for dishwashers
Cautions	This highly corrosive substance can cause severe burns to skin and eyes, and can corrode metals.

Directions for Use

1. Add 1.5-3.0 ml of Auto Dish Clean to 1 liter of water.
2. Let the dishwasher automatically spray the solution during the washing cycle and allow the machine to run as normal.

CLEANFIRM **Everbrite Product information**

Everbrite Rinse Aid

Rinse Aid helps dishes dry faster, without leaving streaks or the need to hand dry. It reduces contamination from dishcloths and is compatible with all types of dishwashers. Obtain sparkling clean dishes with ease.

Active Ingredients

Organic Acid: 8%
Acts as a surfactant, breaking down dirt and grime, allowing it to be easily rinsed away. Also possesses antimicrobial properties, helping to eliminate certain types of bacteria.

Isopropanol: 8%
A type of alcohol known for its rapid evaporation rate and effective antimicrobial properties. It is also a good solvent for various substances.

Alcohol Ethoxylate (C12-16 Alcohol Ethoxylated): 5%
A surfactant that improves the blendability of ingredients, creating foam, and enhances cleaning performance.

Product Specifications

Ingredients	Organic Acid: 8%, Isopropanol: 8%, Alcohol Ethoxylate (C12-16 Alcohol Ethoxylated): 5%
Amount	5,000 milliliters
Usage	Accelerates the drying process of dishes.
Compatibility	For use with company-approved dispensers only.
Cautions	May cause mild eye irritation. Avoid contact with eyes.

Directions for Use

For use with company-approved dispensers only. Do not operate the dispenser when the solution is low. For more detailed instructions, consult a company specialist.

Toileteries Products

Everbrite Body wash

A gentle body wash that deeply cleanses and nourishes the skin, leaving it with a healthy glow and a refreshing natural fragrance.

Active Ingredients

Water
The main solvent in the product.

Cocamide DEA
A surfactant that helps thicken the product and improve its cleansing properties.

Dipropylene Triamine
A pH adjuster that helps to maintain optimal pH levels of the product.

Vitamin E
An antioxidant that helps to protect the skin from environmental damage.

Fragrance Adds a pleasant scent to the product.

Sodium Laureth Sulphate
A common surfactant. It helps to create foam and remove dirt and oil from the skin.

Glycerine
A humectant that helps to attract and retain moisture in the skin. It leaves the skin feeling soft and hydrated.

Didecyl Dimethyl-Ammonium Chloride
A quaternary ammonium compound that acts as a disinfectant, helps to kill bacteria and other microorganisms.

Citric acid
Acts as a chelating agent, helping remove mineral deposits from hard water. It can also help to adjust the pH of the product.
